## Kapitel 18: ~•~ Girlfriend ~•~

Do you still remember our friendship that lasts so long?  
Hell yes, we kissed once we were drunk...  
But that is now reason for you to be such a fool  
Damn it, Boy  
Why don't you just understand?  
Every time we see each other  
You're flirting with me right away  
I'm losing my patience  
How should I tell you this?  
I'm bloody fucking tired of you  
Your approximation trying to kiss me  
Hell, I want to throw it up  
Just stop the fuck  
You are annoying me so much  
It's disgusting

*I'm not your girlfriend  
Boy, why can't you just figure this out?  
I don't want to be your girlfriend*

Thinking of it, I can't deny that you are the most loveable  
Hateable, kissable, killable Friend I've ever wanted  
But not more, no fucking way more  
Why do I have to be your first crush?  
It sickens me to see you eyes lying on me  
Won't you take the blond girl over there?  
Ask her for a date  
Kiss her, fuck her and stop thinking about me  
I won't to bet he center of your attention  
Please spare me your way to say  
You love me  
Hell, I want to throw it up  
Just stop the fuck  
You are annoying me so much

It's disgusting

*I'm not your girlfriend  
Boy, why can't you just figure this out?  
I don't want to be your girlfriend*

I'm not your girlfriend  
I'm not your girlfriend  
Never never never

*I'm not your girlfriend  
Boy, why can't you just figure this out?  
I don't want to be your girlfriend*
